

Post Resch Tallon Group, Inc.

Customer Relationship Summary (Form CRS) – August 1, 2021

<p>Introduction</p>	<p>Post Resch Tallon Group, Inc. is a SEC-registered investment advisory firm. Investment advisor representatives of our firm are also FINRA-registered brokers and provide brokerage services through Cadaret, Grant & Co., Inc., a FINRA/SIPC-member broker/dealer. Investment advisory and brokerage services are different and it is important that you understand these differences when selecting services appropriate to your specific needs. Free and simple tools are available to research firms and financial professionals at investor.gov/CRS, which also provides educational materials about broker/dealers, investment advisors and investing in general.</p>								
<p>What investment services and advice can you provide me?</p>	<p>As an investment advisor, we provide personalized confidential financial planning, asset management and related consulting services to individuals, high net worth individuals, pension and profit-sharing plans, trusts, charitable organizations and small businesses. Recommendations to clients are made based on ongoing consultations with our clients and analysis of each client’s specific financial needs. Our advisory services may include the following:</p> <table border="0"> <tr> <td>Determination of financial objectives</td> <td>Identification of financial problems</td> </tr> <tr> <td>Cash flow management</td> <td>Investment planning and management</td> </tr> <tr> <td>Insurance review</td> <td>Education funding</td> </tr> <tr> <td>Retirement planning</td> <td>Estate planning</td> </tr> </table> <p>When desired by or most appropriate for our clients, we provide straight-forward brokerage services which may entail research of selected securities, execution of transactions in securities and monitoring of securities held within your brokerage accounts.</p> <p>With either type of service, as registered investment advisors, we adhere to fiduciary standards which require that we put your interests above those of ourselves and our firm.</p>	Determination of financial objectives	Identification of financial problems	Cash flow management	Investment planning and management	Insurance review	Education funding	Retirement planning	Estate planning
Determination of financial objectives	Identification of financial problems								
Cash flow management	Investment planning and management								
Insurance review	Education funding								
Retirement planning	Estate planning								
<p>What fees will I pay?</p>	<p>As outlined in the Fees section of our Form ADV Part 2A, we are paid for our advisory services through fixed dollar fees for financial planning or consulting services or through a percentage of assets under management in your advisory custodial accounts. While the former fees are fixed, with the latter the dollar amount of our compensation is determined by the size of your portfolio. In simple terms, as your account grows, so does our compensation. Usually, as your assets grow under our management, the actual percentage of our fee applied to your assets under our management may decrease.</p> <p>Brokerage services, which are executed through the broker/dealer, are strictly commission-based with the level of compensation defined by the product provider, not by our firm. Some investments (i.e. mutual funds) carry internal expenses in addition to sales charges while others may incur actual ticket charges with each trade executed through the broker/dealer.</p> <p>Either service has the potential for conflict of interest in that the advisor could recommend investments generating higher compensation. As investment advisors, however, our fiduciary responsibility to our clients prohibits us from doing so.</p>

	<p><i>Conversation Starter. Ask your investment advisor –</i></p> <ul style="list-style-type: none"> • <i>Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs and how much will be invested for me?</i>
<p>What are your legal obligations to me when acting as my investment advisor? How else does your firm make money and what conflicts of interest do you have?</p>	<p>As your investment advisor, we have a fiduciary obligation to always act in your best interest and not put our interests ahead of yours. At the same time, how we make money has the potential to create conflicts with your interests. You should understand and ask us about these potential conflicts. Here are some examples to help you understand these potential conflicts:</p> <ul style="list-style-type: none"> • As a dually-registered advisory firm, we may recommend commission-based investments through the broker/dealer which entail sales charges and/or internal expenses than you might incur with fee-based similar products but are, in our opinion, better suited to your specific needs. • We may receive financial or research incentives (known as ‘soft dollars’) from custodians to place your assets with them which may benefit us as an advisor but not necessarily you. <p><i>Conversation starter. Ask your investment advisor –</i></p> <ul style="list-style-type: none"> • <i>How might your conflicts of interest affect me, and how will you address them? For additional information, please see our Form ADV Part 2A Disclosure Document.</i>
<p>How do your financial professionals make money?</p>	<p>We are paid based on either a percentage of your assets under our management or through set fees for financial planning or consulting services, which are defined in our Form ADV Part 2A. Your individual advisor is paid a portion of these fees as her/his compensation and the remainder is compensation to our Firm. As a Registered Representative of a broker/dealer, your advisor may also receive commissions for the sale of securities products through for brokerage services through a broker/dealer. Our firm does not share in this compensation however. While the potential for a conflict of interest exists by your advisor or the Firm recommending one type of service over the other based on greater compensation, as fiduciaries we must put your interests above ours when determining which type of financial service best suits your needs and objectives.</p>
<p>Do your financial professionals have legal or disciplinary history?</p>	<p>No, as stated in our Form ADV Part 2A, no advisors associated with Post Resch Tallon Group, Inc. have legal or disciplinary histories.</p>
